

Adair County News

VOLUME XXIII

COLUMBIA, KENTUCKY, WEDNESDAY June 2 1920.

NUMBER 32.

SATURDAY'S SPEAKING.

All Three of the Democratic Candidates for Congress Make Addresses.

AUDIENCE LARGE AND VERY ATTENTIVE

Notwithstanding Saturday was an ideal day for farm work, about two hundred and fifty voters quit the plow and laid down the hoe long enough to hear the three Democratic candidates present their claims for a seat in Congress.

Mr. Gordon Montgomery, who was the Chairman of the meeting, made a splendid short address, giving the present Governor of Kentucky a keen rap for failing to keep the promises he made the people before the November election; that he promised to lower the taxes; that they were higher than ever before known in Kentucky, and that instead of doing away with useless offices he had created more, thereby increasing the burden already upon the people. In closing his remarks he introduced Col. Frank L. Ripy, of Anderson county.

The Colonel took the stand and said that it afforded him much pleasure to speak to an Adair county audience, many before him he met several weeks ago, upon a former visit. He did not think that the prohibition question should have been brought into the canvass; that it was a dead issue, having been settled by State and Federal amendment; that if we are to be a law abiding people, the manufacture and sale of ardent spirits was at an end. He did not think the question should be discussed until after the platform of the National convention has been written and adopted. He stated that he was perfectly willing to stand upon the principles enunciated at San Francisco. The Colonel also spoke of national issues, praised Woodrow Wilson and his magnificent administration, and denounced the tactics used by Senator Lodge and his followers in the present Congress. Altogether he made a good, clean speech, and added more names to his string of voters in this county.

Mr. Montgomery then introduced Judge Ralph Gilbert, of Shelby county, who took occasion to pay a high compliment to Columbia and Adair county for the splendid public men she had produced, men who were prominent in the affairs of the State. He said that he had been a farmer for twelve years, growing corn and tobacco, and that he was familiar with the farming interest; that he favored legislation tending to promote closer co-operation between the government and the producer, and less assistance from the government to the manufacturer; that he was opposed to class legislation, yet that which helped the farmer helped all classes; that on account of the strained conditions; that he was opposed to an additional tax for any purpose. He did not believe that the temperance question had been settled, and he explained why it is not settled by the national prohibition amendment. He declared that if a wet Congress was elected that a saloon for the sale of wine and beer could be opened in Columbia, or any of the smaller towns in Adair county, and so on throughout the nation. He said that there was an organized movement with Joseph W. Harriman, President of the Harriman National Park, of New York, at the head, to elect a wet Congress. He announced that he was strictly dry, and stated that his two opponents were prominent "wets." In closing he endorsed the League of Nations. The speech was well received and made the Judge some votes.

Private Geo. T. Davis, of Casey county, followed Judge Gilbert, he, too, being introduced by Mr. Montgomery. He never before appeared before an Adair county audience, and

he proved to be quite an orator and a very fluent speaker. He denied that he was a candidate for Congress on his record as a private soldier in the World War, but stated that he would not exchange the experience that he received from a private's standpoint for any officer; that he enlisted to obey orders that while in the service he would have blacked the shoes of Col. Ripy or Capt. Swope had he been ordered to so do. Now he was in a position to give some orders himself, and that when the primary was over Judge Gilbert and Col. Ripy would take back seats, and when the November election was over he would have the scalp of Capt. Swope dangling at his side. He referred to Capt. Swope as the "post card edition." The speech was oratorical, forceful, and in our judgment made the speaker a great many votes.

In justice to Col. Ripy we will state that the only reference he made to his army record was a compliment he paid the men who were under him.

Flower Garden.

There is nothing more attractive to ladies and also to men of delicate and refined taste, than a beautiful flower garden. Last week the roses at the home of Mrs. John D. Lowe were in full bloom, the varieties being numerous, and the odor arising from them sweet and fragrant. Many living in different parts of town made it a point to see the attractive display. These flowers were cultivated by Mrs. Lowe and her two daughters, Misses Mary Lucy and Leonora, who have proven themselves ladies of exquisite taste. At this season of the year a home minus flowers, indicates that the delicate hand of a woman has been too busy in other affairs, and that the most beautiful plants, the ones that make the residence attractive to the eye, have been neglected.

Sudden Death

Mrs. Katie Bennett Tupman, who lived with her father, Mr. S. L. Bennett, died last Friday evening about 8 o'clock. She was complaining early in the morning, but her father thought that she would soon feel better, and went to his work. When he returned he found her in a serious condition and he called a doctor, but death came before he reached the home. The deceased was twenty-four years old, strictly religious, and had been a splendid good girl from childhood.

The funeral and burial took place last Sunday, many relatives and friends being present.

The District meeting of Christian Churches, held at Jamestown was very largely attended. On Sunday the crowd was immense, and through out the meeting there were a number of splendid addresses, ministers from all the counties in the boundary being present. Dinner on the lawn Sunday and it was immense, consisting of everything good and plenty for everybody. The Churches had good reports and altogether it was a very successful and enjoyable gathering. The people of Jamestown and Russell County did themselves proud in entertaining.

OIL NEWS.

Mr. W. F. Coast, representing Olean, New York people, and also personal interests, was here during the past week looking over territory preparatory to drilling at an early date. Mr. Coast is one of the well-known, reliable operators, a man who knows the business from every angle, and the fact that he is willing and ready to invest money in this field is very encouraging to the oil fraternity in this section.

With the exception of a short shut down, awaiting the arrival of casing, the Carnahan people are progressing nicely on well No. 1 at Zion's Church. The progress of this drilling is being watched very closely and with more than passing interest by oil men generally, as the result of the undertaking will mean much to the further development of that immediate territory.

Dr. R. M. Armstrong, of Augusta, Ga., who has been spending several days at his old home in Russell county, was here Thursday on his way home, and reported that he was so favorably impressed with the general outlook for oil in this territory that he was willing to spend some of his money in development work, and that he and his brother, Mr. W. A. Armstrong, of Creelsboro, had contracted for the immediate drilling of four wells to be located on their own properties.

The McMeed Company has been unable to complete well No. 2 on the Campbell Bros. farm, Creelsboro, on account of the absence of their head operator, Mr. Sweet, who was unexpectedly called to Michigan on account of the critical illness of his father. They are now fully supplied with casing, etc., and tank, pump, power and other equipment necessary for pumping is on the ground, ready for installation, and the work will be pushed as fast as possible.

Reliable information is at hand to the effect that not less than four additional drilling rigs will be rushed to Creelsboro at the earliest possible date, and as the water stage is good in the Cumberland at present there should be no unnecessary delay in the matter. This is a move in the right direction, and it is hoped there will be no interruption in the increased development work now being planned in this field.

Dr. J. W. Goggin, of Chicago, Vice President of the Beacon Oil Syndicate, now operating in the Creelsboro, was a visitor here Sunday and left for the field to spend a few days.

Mr. M. E. Weldy, of Bowling Green, organizer and General Manager of the McMeed Oil Company, was here Sunday and Monday looking over the territory in general, going from here to Jamestown. Mr. Weldy talks very enthusiastically regarding local oil conditions and he feels confident some big things are in store for this territory. He also stated while here that he was considering that "considering locating with his family in Columbia, and I trust he may decide to do so at an early date.

Mr. Bee Whittis, field manager of the J. E. Carnahan Oil Company, accompanied by Mrs. Whittis, was here the first of this week and left for a trip through Russell, Casey and Pulaski, returning to Lincoln where the company is engaged in deep drilling. Mr. Whittis gave out the information that they would drill to the second sand at Zion's Church, for the purpose of giving this immediate section a thorough test.

A Well Known Colored Man Passes.

Last Friday afternoon, about 6 o'clock, Ambrose Williams, of color, died, after a long illness. The end came at his home in the suburbs of Columbia. He was brought to this place when a small boy, the property of Mr. Timelton Cravens, and with the exception of his childhood days,

his entire life was spent in this place. He was trusty and was very much liked by the white settlement, there being but few families in the community he had not worked for during his career. We do not know his exact age, but we reckon from events, he having come to this place before the civil war, that he was about 71 years old. He leaves a wife and daughter. The remains were interred in the colored cemetery Saturday, a number of whites attending and a large circle of his race.

Entertained.

On the afternoon of May 20th, Miss Elra Willis entertained some of her friends in honor of her 15th birthday. The guests present were Misses Eller Samuels, Ina D. Wilkinson, Lena Bolin and Dollie Strange. All present had an enjoyable time, as they had excellent music, both vocal and instrumental, and were served with the best of cakes and the finest of strawberries as refreshments.

Fell Dead.

Mr. Felix B. Simmons, who lived at Ozark, this county, fell dead early in the night last Sunday. He was the father of Dr. S. Simmons, of Greensburg. He was a good, quiet citizen and had many friends. His remains were carried to Russell county for interment.

My hills are due and I must have what you owe me. So please come and settle.

Julia Eubank.

It will be gratifying to Judge W. W. Jones' friends in Adair and adjoining counties to learn that after having been confined for nearly two months, he was able to walk down to his office last Wednesday. It will be perhaps a couple of weeks before he will have fully regained his strength. He moves slowly and is taking the best of care of himself. We feel sure that in a very short time we will be able to announce that he has fully recovered, and again active in the affairs of the town.

The Glasgow Times speaks of peepers, going about the city after night, peeping through windows. Keep your gun close at hand and when you see a face at the window, fire. A man white or black, who would be guilty of this act, should no longer live, and the sooner such low down scoundrels are gotten rid of the better off will be the community. It is reported that there have been some night prowling here, and our citizens are ready for them.

Several gardens in town were not plowed until last week. The owners have not lost by being late, as seed put in the ground last week will make more truck than if planted earlier. It takes warm weather to make vegetation come early. It is said that Mr. John Stewart, who was the father of Miss Sallie Stewart, and who lived and died here, never had his garden plowed until the 20th of May, each year. On that date all garden seed were planted, and that he raised more vegetables than any other person about town.

Mr. Nick Ray, who was well-known in Columbia many years ago, died in Waldo, Fla., about ten days ago. He was a native of Metcalfe county, and was well connected. He was the father of Mrs. A. R. Kasey, and a brother-in-law of Mr. J. H. Ritoeley, of Burkesville. After the Fair started at Columbia, Mr. Ray spent a great deal of time in this locality, and W. W. Caswell, deceased, being in partnership in handling and showing fine stock over the State. He was about 74 years old.

The Kentucky Creamery has established a branch plant at the bakery of Wilson & Bennett, this place, and that firm is now ready to buy cream. Will receive it on Tuesday and Friday each week.

A Letter From Bro. Watson.

A private letter from Rev. B. T. Watson will be of interest, especially to the people of Columbia and in the boundary of Union Church.

Since reaching Providence, Ky., his mind underwent a change. The manse at Providence is yet to be erected and it would take all summer to build it. He says:

"I received a very flattering call from Lewisburg, Tenn., and on account of the many conveniences I think the change should have been made. At Lewisburg they have a newly fitted manse, with all modern accommodations, the finest of water, nice peach orchard, good garden grapes, shade trees and blue grass yard. The proposition I accepted increases my salary and I am given four weeks vacation each year. Lewisburg has a population of 3,500 and pikes leading from the town in every direction.

"The Church is made of pressed brick, trimmed in stone, with basement and Sunday-School room. "Mrs. Watson has returned from the sanitarium greatly improved. She gained ten pounds and sleeps much better. Since her return we have been to Princeton, Ky., spending several days with Mrs. Watson's sister, Mrs. Young."

Both Mr. and Mrs. Watson send their best wishes to their Columbia friends.

Farmers.

Hon. E. J. Hoby will speak in the interest of the farmers in the Court House Columbia, Ky., June 5th, at 10 o'clock P. M. every body invited to attend.

A. O. Young, County Secretary of Farmers Union.

The Baptist Church at Holmes was dedicated by Rev. Leslie J. B. Smith, this place last Sunday. An immense crowd was present. A bountiful dinner was spread, plenty for everybody. Rev. Smith was accompanied by Mrs. Mary Phillips, Mr. and Mrs. Albia Eubank and Miss Miss Mamie Smith. Mr. and Mrs. Jo Knifley were also present.

We visited the cemetery last Thursday and found it in a very filthy condition. In fact, it was noticeable, that it could not be worked in good shape for decoration day, which was last Sunday. The city board should at once employ a lot of hands, have the yard mowed, and all rubbish removed from the plot. We owe it to departed loved ones to keep their last resting place clean.

Very Critical

We are sorry to report the critical condition of Mr. Horace Alexander, of Burkesville, who is well-known here and who has many friends in Columbia and in Adair county. For several years he has been traveling for the Louisville Grocery Company, visiting the merchants of this county about twice a month. He has been intimately known to the editor of the News since his early manhood, and we have been friends from boyhood. A Chesterfield in manners, immaculate in his linen, ever ready to greet his friends with a warm

shake and a happy smile. He never had a dollar but he was more than willing to divide it with the needy. He believes in the good Book, and his religion has been to revere his maker and to do all he could for the unfortunate. If it is the will of God to take him, we believe that when he reaches the Golden Gate, he will be met by Saint Peter, who will say, "enter, the good you did in yonders world over-balances your imperfections."

In this connection we are called upon to record an accident which happened to Mr. Alexander's wife a week ago. She was wearing her glasses and stooped to pick something from the floor when her face struck a chair round, breaking her glasses, badly injuring her eyes. She had to be placed in a dark room, and she was a great sufferer for some days. She is now better, we are glad to state.

There was a very pretty wedding on Casey Creek, on Sunday, the 23rd of May. Mr. E. B. Chelf and Miss Linnie Stayton, who have been lovers for some time were happily united in marriage. Rev. Luther Young, of the Christian Church, was the officiating minister. The young couple have many friends in the community, and the best wishes of all their former associates is extended.

Automobile drivers would confer a great favor upon families whose residences are on the street, by slowing down, especially when the streets are dusty, in passing. The dust the machines create is unhealthy and it is impossible to keep dwellings and household goods clean. This is asking but little, and if the request is granted, it would certainly be appreciated.

Life insurance is a legitimate business and every man who is making anything at all should lay aside enough money to carry a policy. There are small and large companies, stock companies and Mutual companies, the last the most desirable. If you want a policy in the old reliable Connecticut Mutual, see J. E. Murrell.

The Eastern Star Chapter of this place is progressing nicely and the old members have been very much enlivened, by influx of new additions. At the last meeting degrees were conferred on two and four petitions were received. This is a branch of Masonry that is doing a great deal of good, and we are gratified to learn of the local Chapter's success.

Miss Lizzie Harris, daughter of Mr. and Mrs. C. S. Harris, West Point, Miss., and who graduated from the High School, that city, last week, in a declamatory contest, she representing one of the societies of the institutions, won the gold medal, offered as a prize for the best recitation.

Mrs. A. C. Froedge, who lives at Breeding, underwent a successful operation in St. Anthony Hospital Louisville, last Wednesday. She will be able to return home in a week or two.

Dwelling houses are scarcer in Columbia than ever before known. We have been advocating the opening of streets for several years, but everything we have said upon the subject has gone for naught. The town cannot expand unless building lots are put upon the market.

What The Peeper Saw.

As a rule we have the slight-
est use for a "peeper" or an
eavesdropper, but we have a
confession to make on the first
account. Here it is: One moon-
light night very recently our
way lay down a dark street.
Several rods ahead could be
seen a little shaft of light, and
when the spot was reached we
found a window with the blinds
half way up. Wickedly, but
not maliciously, we hesitated,
stopped—and peeped. There
sat an old man and an old
woman. They were well past
the allotted threescore years
and ten. He was smoking a
well seasoned corn cob pipe and
reading the Bible. She was
knitting. Still we peeped.
Then she looked up at him and
smiled and said something. He
laid down the Book, reached
out for his cane, got up and
hobbled from the room, return-
ing shortly carrying a glass of
water, which he handed her.
And as she drank she held the
wrinkled and bony hand of her
lover. And the look she gave
him and the look he gave her
were the shafts of sunshine
breaking through the murky
clouds after days of gloom and
rain. For days and weeks that

picture haunted us, and we
realized the words of the poet:
"Let Time swing out with his
sickle: he can reach ruddy
cheeks, ripe lips and bashing
eyes, but he cannot quite reach
love." When a man really loves
a woman she will never grow
old, and when a woman loves a
man he is not decrepted or bowed
or tremulous. She is the same
lass he wooed and he is always
the same gallant young fellow
who won her heart and her
hand. They are absolute
equals, happy and free. These
two lovers are traveling to-
ward the City of Silence, but
they have left a picture never
to be forgotten—a masterpiece.

What happiness in a year one
can't state,

All the joys and all the fate.
Tho when sorrow our home

We know it is the good Lord's

Know it while we linger in

Thinking of losses and not of
gain.

But why be loss, if all is well,
When thou ringeth forth thy
pealing bell.

Thou knowest best, thou noble

Planting Soy Beans.

One important item in the soy
bean culture is the depth of
planting. Poor stands will re-
sult if the seeds are not planted
shallow for the soy bean seed-
ling has not the power to push
itself through a deep covering of
soil. A depth of two inches is
considered the most favorable.
Planting deeper than this will
reduce the stand greatly.
Should a hard crust form on the
surface before the seed has
come through, it should be
broken with a smoothing harrow
or a seeder, for it is not broken
the crust will tend to reduce
the stand.

Fifteen or twenty pounds of
seed to the acre will be required
if the crop is planted in rows
three feet apart, while a broad-
casted or drilled crop will re-
quire sixty to ninety pounds to
the acre. Soy bean seeds
weigh sixty pounds of seed to
the bushel, but they vary great-
ly in size. Thus 2,100 seed
of the Mammoth variety, and
6,400 of the Pekin variety are
contained in a pound. For
economy in the use of seed, an
adjustment of the rate of plan-
ing according to the size of
seed is therefore necessary, the
larger quantities just mentioned
should be used of large seed
and the smaller seed.

ALICE JOYCE

Of all the reigning favorites of the early motion pictures, Alice Joyce alone shines as a star today. With such notable plays as Charles Klein's "The Lion and the Mouse" and "The Third Degree," the famous Drury Lane melodrama, "The Sporting Duchess," Rex Beach's story, "The Vengeance of Durand," and "Slaves of Pride" as her mediums, Miss Joyce has entered an era of steadily increasing popularity. She occupies a place among the rulers of the screen.

HARRY T. MOREY

When not at work on a picture Harry T. Morey is to be found in No. 16, a dressing room which dates back to the early days of his career in the Brooklyn studio of Vitagraph. It was 10 years ago that he occupied this room with Earle Williams. The walls resemble a combination of art museum and rogues' gallery. They are hung with pictures of Morey in various roles, ranging from a policeman, his first part; the crook, Joseph Garson of "Within the Law," to the high financier in "The Gamblers." Recently, he has added Philip Grey in "The Birth of a Soul" and a detective character in "The Flaming Claw."

JEAN PAIGE

Jean Paige never appeared on the stage and in fact she never made a picture until she came to the Vitagraph studio and was given a role in an O. Henry two reel feature. She is the product of a farm in Paris, Ill., and, like the farmer, makes hay while the sun shines. Soon Miss Paige was leading woman for Harry T. Morey and later for Earle Williams in "The Fortune Hunter," and now she is being co-starred with Joe Ryan in a serial.

CORINNE GRIFFITH

Corinne Griffith is known as the best dressed woman on the screen. Her gowns are designed especially for her productions and quite frequently this favorite of the silver screen sets the style for Dame Fashion. But dress is not the only asset Miss Griffith possesses; her facial expression is in a class by itself. There is not an emotion, shade or degree of feeling that she cannot express with her features. "The Climbers," "The Tower of Jewels," "Human Collateral" and "Deadline at Eleven" give an idea of her versatility. These features also show Miss Griffith in some of her latest roles.

EARLE WILLIAMS

"Don't change your company," is the advice Earle Williams gives to young screen players, and then he adds, "providing you are with the right company." Earle Williams is one of the few film players who has never changed his habitation from one studio to another. He commenced his career 12 years ago with the Vitagraph star family and has never strayed from the fold. "The Wolf," visualized from Eugene Walters' famous stage play, and "The Fortune Hunter," from Winchell Smith's play, have been the means of emphasizing Mr. Williams' ability and popular attraction recently.

JOE RYAN

Joe Ryan won the prize for riding dynamite, a bucking steer belonging to a wild west show playing in Denver, and on top of that received an offer to go into pictures as a cowboy. Thus filmland secured a new type of bad man. He couldn't help playing a bad man for he was born at the foot of Devil's Tower in Crook County, Wyo. He has lived up to the name of his natal county, playing the vicious but rather likable villain. Joe Ryan is now at work on a serial in which he will appear as both hero and villain.

The wise man takes a hint in time. The fool regrets when too late.

Honesty brings man its own reward, but a thief often snatches it away.

Yes, many people acquire great fortunes honestly. They are willed to them.

The man who wants to be right with his fellows should first get right with himself.

The man who minds his own business generally finds that business well worth minding.

The wise man listens to the opinion of others. The fool thinks his own are the only ones of value.

Of course, in the absence of sugar we can always turn to our wives for the sweetness our natures crave.

Some people appear to carry their honor in their pockets, and such pockets are generally full of holes.

Europe is again a bunch of tinder, with every nation dreading the time when another will apply the torch.

A keen mind, a healthy body and a willingness to do should make a success of any man—but it often sends them to jail instead.

ANNOUNCEMENTS

FOR CONGRESS.

We are authorized to announce
RALPH GILBERT, of Shelby county,
a candidate for the Democratic nomi-
nation for Congress in this, the Eighth
Congressional District of Kentucky,
State Primary Election Saturday,
August 7, 1920.

We are authorized to announce
FRANK L. RIPPY, of Anderson Coun-
ty, a Democratic candidate for Con-
gress, in the Eighth district, subject
to the action of the State primary
August 7, 1920.

FOR UNITED STATES SENATOR.

We are authorized to announce Hon.
Richard P. Ernst, of Kenton county,
a Republican candidate for U. S. Sen-
ator. Primary first Saturday in Au-
gust.

Carranza is dead and old Villa
is riding a high horse. The de-
facto government has started a
thousand men on the hunt of
him.

The best evidence that there
will soon be a decided drop in
prices, the banks in the East have
quit making big loans. The
hoarders and profiteers will be
compelled to sell.

Capt. Larkin, a new man is at
the bellows in Louisville, and
the indications are that he is
making it warm for the gam-
blers and thugs. Reformation
is certainly needed. It is no
good to try to stop gambling un-
less you have a man on the look-
out who is not a gambler. Like
all other professions, a fellow
feeling exists.

Republican leaders were busy
at Washington last week, com-
piling a platform to be adopted
at Chicago National Convention.
It is given out that the docu-
ment will not contain a word on
the liquor question. If that is a
fact the rank and file will say
that the party favors a modifi-
cation in the prohibition laws,
and many hundred Republicans
will not support the ticket.

The joint resolutions passed
by Congress intended to repeal
the state of war between the
United States and Germany, was
properly vetoed by President
Wilson. The President's action
will be endorsed by a large ma-
jority of the American people.
This country wants a lasting
peace, and the document prepa-
red setting forth a League of Na-
tions is for that purpose.

Next Tuesday June 8, the Re-
publican National Convention
will convene in Chicago. Every
thing is in readiness and we
predict a stormy time. Senator
Johnson, of California, who is a
leading candidate for the Pres-
idency, has a gift of kicking,

and if he is not nominated, and
it is not likely that he will be,
there will be something doing
not laid down in the program.
Just now it looks like Gov. Low-
den, of Illinois will knock the
plum, though he is way behind
Senator Johnson in instructed
strength. Gen. Wood has more
preconvention votes than any of
the candidates named, but he is
sure to be left. Furthermore, a
gentleman may receive the nomi-
nation who has not up to this
time been named for the posi-
tion.

TWO SPLENDID FARMS

THE N. A. RAWLINGS FARM & J. A.
BANDY FARM

AUCTION SALE

On the Same Day

TUESDAY JUNE 8th

The Rawlings Farm at 10 o'clock a. m.
The Bandy Farm at 2 o'clock, p. m.

THE RAWLINGS FARM:—149 acres in Casey County, on Cahey Creek-Gravel Switch
and Rolling Fork Pike, 4 miles South of Gravel Switch. Everybody knows the produc-
tiveness of Rolling Fork land. Four room cottage, 4 room tenant house, stock barn, concrete
milk house, all out buildings with each house. Young orchard of 50 trees. Straw berries and
other small fruits. 2 1-2 acres in tobacco, 18 acres in corn, balance grass and hardwood
timber. Well watered and fenced.

Will be sold without reserve, by-bid or limit. An Absolute Sale. Remember the time, 10
o'clock.

THE BANDY FARM:—150 acres in Marion County near Aliceton, one quarter mile
North of Danville and Lebanon Pike, between Bloomfield and Gravel Switch. This is to-
bacco land, sandstone land; gives the color and weight to tobacco. 7 room frame dwelling,
good stock and tobacco barn combined, all necessary out buildings. Tobacco on this farm
last year averaged ninety-two cents. 5 acres in meadow, balance in grass and timothy. Ac-
cessible to Perryville High School.

Both of these Farms will be sold on easy Terms, and for Possession
January 1, 1921.

Now is the time to buy. You will pay more later. Land will continue to increase in value.
The man who buys either of these farms is sure to sell at a profit before he has to pay for
them.

Remember Swinebroad is the only real estate man who universally advertises no by-bid, and
he ALWAYS SELLS just as advertised. Look over these farms before the sale. Remem-
ber the TIME and the DATE. The Rawlings farm will be sold at 10 o'clock prompt.
After the Rawlings sale we will go to the Bandy Farm and sell the Bandy Farm at two
o'clock.

Both of these farms are in good neighborhoods close to schools and churches, and will make
anyone a desirable home. They are money makers. Don't overlook these sales.

SWINEBROAD ALWAYS OFFERS SOMETHING THE BUYERS WANT.

THE UNIVERSAL CAR

Ford cars are important servants everyw here. They help the family enjoy life, bring the pleasures and advantaegs of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; any one can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and stand-ard Ford prices.

Poultry Notes.

If you would avoid limber-
neck allow no dead carcasses or
maggots on your farm.

It pays every farmer to have
a poultry-wired yard for his
fowls in which they may be en-
closed when desirable.

Much of the year's success
with the farm flock depends on
the quality of the birds that are
left after the fall culling.

Figure on enough poultry
litter for the laying house so
that the birds can have clean
scratching material throughout
the winter.

A little extra care of your
hens and a bit of choice feed
will pay in eggs many times.
Don't be afraid of doing too
much.

The hen needs exercise the
same as a human being. You
can't expect hens to have
health and lay winter eggs when
huddled up in a small space.

A freight tie up in most of
the large cities is seriously
affecting manufacturers and
business.

BECKHAM TO NAME CAMPAIGN BODY.

Every member of the Demo-
cratic State Central and
Executive Committees was
represented at a meeting held
here recently either in person
or by proxy. There were only
three absentees out of a member-
ship of twenty-nine. It was
the first joint session of the
committees since their selection
by the recent State conven-
tion. Former U. S. Senator J.
N. Camden, elected Democratic
National Committeeman by the
late convention, was selected to
fill out the unexpired term of
Gen. W. B. Haldeman, who
resigned and began his new
duties today. Marion E. Tay-
lor declined the honor on advice
of his physician, Seldon R.
Glenn was unanimously re-elected
secretary of the joint com-
mittees.

At a luncheon given the
committees and party leaders
by P. H. Callahan at the
Country Club, it was decided to
appoint a committee to make a
comprehensive survey of the
State to determine in what
shape the party is in to make an
aggressive fight this fall.
Chairman C. A. Hardin was
given the power to name the
committee at an early date.
In addition to naming this
committee of "conspicuous
Democrats," Chairman Hardin
also will appoint a Finance
Committee, composed of men
recognized as leaders in busi-
ness and all forward move-
ments. The appointment of a
Campaign Committee was de-
ferred until after the National
Convention, and it is said that
the personnel of this committee
will be left to Senator J. C. W.
Beckham.

It was agreed that
if the party is to win this fall it
must get out of the rut and
wage an aggressive campaign
with a complete organization of

men and women from the
precinct up.

Mr. Camden said he would
accept the position made vacant
by General Haldeman and felt
honored by his selection. He
said he knew nothing of the
reported combination sent out
by a press correspondent to
bring about the defeat of
William G. McAdoo for the
nomination as President by the
San Francisco convention.
"While every one knows I am
personally for Governor Cox
and organized the State for
him, I am in no deal to bring
about the defeat of any certain
candidate at San Francisco,"
said Mr. Camden.

Joseph Robison, Lancaster,
committeeman from the State-
at-large, offered a resolution at
the meeting, which was
adopted by a rising vote, ex-
pressing appreciation of the
services of General Haldeman as
National Committeeman and
gratification over the fact that
he is on the road to recovery
following a surgical operation.

Louisville is expanding in the
industry of robbing. A woman
wearing French heel shoes, no-
ticing the good picking in the
city, has sprung up and she and
her pal robbed the residence of
L. B. Reed last Tuesday night of
a few hundred and a lot of
checks.

Living up to their reputations
as world beaters in nearly all
lines of sports and athletics, in-
cluding tennis, rowing, swim-
ming, cricket, football and at
one time boxing, Australians
recently have won added laurels
by hanging up new world marks
in motorcycle speed dashes.

High Cost of Shoes.

It is said that hides are
stored in California warehouses
by the thousands. It is further
stated that they are selling at
lower prices than in 1919, and
yet, the prices of shoes have
been soaring in the last six
months to a point where it
makes it almost prohibitive to
purchase a decent pair.

The finest grades of hides
which sold in 1919 at 70 cents
a pound are now selling at 40
cents. Investigation shows
that the labor on a pair of shoes
amounts to one dollar and eighty
cents.

At Auckland, N. Z., early this
year, Coleman, of Sydney, Aus-
tralia, established two new world
records. On a grass track he
covered 13 miles flat for the first
record. His second mark came
in the mile dash on the same
track, which he negotiated in 49
and three-fifths seconds. Power
of Toowoomba, Australia, went
Coleman one better, however,
by hanging up three new marks.
He made the half mile solo in 22
and two-fifths seconds, the mile
solo in 44 seconds flat, and the
mile with side-car in 54 seconds.
Perfect tire performance by
Goodyears played no small part
in the establishment of these
five records.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite
a long while I suffered with stomach trouble. I would
have pains and a heavy feeling after my meals, a most
disagreeable taste in my mouth. If I ate anything with
butter, oil or grease, I would spit it up. I began to have
regular sick headache. I had used pills and tablets, but
after a course of these, I would be constipated. It just
seemed to tear my stomach all up. I found they were
no good at all for my trouble. I heard

THEDFORD'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured
me. I keep it in the house all the time. It is the best
liver medicine made. I do not have sick headache or
stomach trouble any more." Black-Draught acts on
the jaded liver and helps it to do its important work of
throwing out waste materials and poisons from the sys-
tem. This medicine should be in every household for
use in time of need. Get a package today. If you feel
sluggish, take a dose tonight. You will feel fresh to-
morrow. Price 25c a package. All druggists.

Mr. Hert, the Republican Na-
tional Committeeman for Ken-
tucky, returns from a meeting
of the clansmen in Chicago and
predicts that the Republicans,
in the National Convention, will
"condemn the Wilson League
of Nations." Aha! So that is to
be the way the vinegar of the
Lodge Reservationists and the
soda of the Borah-Johnson. Ir-
reconcilables are to be made to
lie in the same bottle. The Re-
publicans are not to choose be-
tween them. They will not
have the courage to declare
whether they are for the League
with the Lodge reservations or
against it in toto. They are
simply against "Wilson's
League." There's real construc-
tive statesmanship for you!

The Republican leaders in the
United States are in a stew.
The National Convention to se-
lect a candidate for the Presi-
dency will be held in Chicago
beginning June 8. The declara-
tion of principles is what is ag-
itating the knowing ones. On
the prohibition question they do
not know whether to have a
bone dry plank, declare for light
wines and beer, or to say noth-
ing upon the subject. If they
remain silent, thousands and
thousands of voters would con-
clude that the party was for li-
quor and would not support their
candidate. If the party declares
for world wide prohibition, they
would lose, and if it should de-
clare for light wines and beer,
such an avowal would be detri-
mental, hence the party is be-
tween the devil and the deep
water.

Why a Majority of the Smaller Cars Come on Goodyear Tires

Last year more cars using 30x3-, 30x3½-,
or 31x4-inch tires were factory-equipped
with Goodyear Tires than with any other
kind.

This is plainly a result of the high relative
value produced in these tires for the smaller
cars by Goodyear's enormous resources and
scrupulous care.

They represent the same intense endeavor
to supply utmost satisfaction in tires that
has laid the basis for the marked preference
which exists everywhere for Goodyear Tires
in the larger sizes.

This real Goodyear value in tires is available
for your Ford, Chevrolet, Dort, Maxwell, or
other car using one of these sizes, at our
nearest Service Station. Go there for these
tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread..... \$23.50

30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that
reinforce casings properly. Why risk a good casing with a
cheap tube? Goodyear Heavy Tourist Tubes cost little more
than tubes of less merit. 30x3½ size in water- \$4.50
proof bag.

The Right Kind of Iron For The Blood

The most powerful and beneficial tonic in all medicine for the
blood and nerves is iron. The greatest authorities agree on
this. But it is a mistake to take any form of iron and expect
to get satisfactory results. Most of the common forms of iron
are what is known in science as "inert" when taken into the
human system. By this it is meant that they exert no action
whatever. Perhaps this is why you have been disappointed
when you have taken certain pills or tablets or tonics said to
contain iron.

The new way to restore iron to the blood—the surest and
most dependable of all methods—is through the use of Acid Iron
Mineral. This is a natural form of soluble iron—it is not pre-
pared artificially by chemists like most medicinal iron, but is
found in Nature itself, combined with other highly beneficial
remedial agents. The story of the discovery of this new form
of iron reads almost like a fairy tale and medical science has
proved in thousands of cases its remarkable blood-making powers.

Acid Iron Mineral may be procured in liquid form at any drug
store. It contains no alcohol or injurious drugs and will not
blacken the teeth. It has been especially noted that pale, puny
children, weak, run-down persons and those enfeebled by age
show improvement and exhibit increased strength almost im-
mediately after starting treatment.
